Dear dr Singogo,

Thanks for your email.

It seems like you were happy with the project and got what you wanted out of it. Other people have indicated other things and maybe you're not the right person to speak to. (vår markering).

Thanks anyhow for your help and since I'm working with TV, I never use any quotes from you, I need to film to get my material..

Best wishes,

C.

Dear Carolina,

Thanks for being patient as I could not write back earlier. However, you have not given me:

1. The details of what media organisation you work for...
2. the assurance that before you write/publish anything attributable to me, I will need to go through the article and give consent in writing because I would not like to have something written attributable to me that I have not consented or approved.
3. I would like to know if you have talked to Kvinnoforum about the same issues you raised in your email.

Since you are coming to Lusaka next week I propose that you send me your full particulars before we meet monday evening if you are still interested. Briefly in response to your queries;

1. were your expectations fulfilled?
 - A. The objectives of the project were met as per planned activities each year.
2. How was money handled?
 - A. Funds were handled according to the agreement and approved activities and budgets. There was never double funding of the activities.
3. With Mrs Björlings husband and son taking part in the project, was it due to competence or other things?
 - A. ALL Consultants involved were approved by SIDA after going through the CVs submitted of each consultant that was to participate in the project... However, I believe Kvinnoforum and SIDA can be able to more details.

Fwasa

Dear dr Singogo,

Thanks for talking to me. I attach the report in the email. There's also been a second report, on the issue of double funding of the project.

I'm interested to hear your view of the project; were your expectations fulfilled? How was money handled? With mrs Björlings husband and son taking part in the project, was it due to competence or other things?

It would be brilliant if we could meet late Monday afternoon, or maybe Tuesday.

Also great if you could give me the contact details for mr Malunda.

Best regards,

C.
